GENDER EQUALITY AND LABOUR DECREE

May 15, 2023, 3:00 – 5:00 pm

Gender equality and Labour Decree (DL n. 48/2023) are undoubtedly the most important innovations of 2023. The adoption of certified organizational models of gender equality, supported with appropriate funding as in the Lombardy Region, are now necessary, also in terms of contribution savings.
The Labour Decree contains several interesting measures for companies, from the reform concerning the fixed-term employment contracts to fringe benefits, through the simplification of the Transparency Decree and new incentives.
